

Stingray Team – Bailey Middle School

I am enrolled in Standard 7th Grade Math Blue Block

I will be required to take notes on and practice the following concepts:

7th Grade Math Concepts:

Unit 1: Ratios and Proportional Reasoning

Unit 2: Rational Numbers

Unit 3: Probability

Unit 4: Expressions

Unit 5: Equations, Inequality, and Angles

Technology:

Chromebooks will be assigned to each student. Please check the website of your student's teacher for important log-on information to various platforms we use in the classroom.

Students MUST turn in their chromebook each day to the assigned charging location.

Your homeroom teacher _____ will assign you a chromebook.

Your chromebook number is _____.

Your slot number is _____.

Class assignments and homework can be found on Google Classroom.

Google Classroom Code for Student ONLY ~~XXXXXXXXXX~~

Parents can also have access to Google Classroom to see assignments. (Need email)

Parent email address #1

Grid for parent email address #1

Parent email address #2

Grid for parent email address #2

Students will also copy assignments, homework, and tests in the agenda. Please review this information with your student to stay informed.

Homework: Homework is assigned Monday through Thursday.
Homework is due on Friday.

Grading: Informal 35 %: QW, HW, Quiz
Formal 65 %: Tests, Projects At least 4 per quarter

Testing: Students who score below an 80 on a FORMAL test can retest.

- Unit 6 circles, 2D + 3D Measurements
- Unit 7 Population Samples
- Unit 8 Comparing Populations

Testing(cont): Students have up to 10 days to take their retest

Students MUST attend working lunch BEFORE attempting a retake.

Test Corrections ARE NOT considered a retest.

If a student completes all required remediation and retakes a formal test, yet still scores below 50% on the retest, a grade of 50 % will be entered officially for that formal assessment. However, if a student does not complete the remediation and retest, the original grade will be recorded. Furthermore, a 0 will be given if the student does not complete an assessment.

* You have 1 class period to take a test.

Working Lunch/Extra Help:

Math Extra Help is provided during working lunch on Wednesday. Teachers are also available on Monday if the student does not have a commitment to see a Science teacher.

Absent: Students are expected to collect missing work on the 1st day back to class. Students receive 2 days for each day absent to turn in work for full credit. Student will receive up to 50 % for work turned in after the 2 days. Every day after the student will lose 10 % off the assignment grade. Late work turned in after 8 days will receive a 0.

Late Work: If your student was present and did not complete an assignment on time. Students can attend working lunch to complete the assignment or homework. Student will receive up to 80 % for late work. Every day the work is late the student will lose 10 % off the max of 80%. Late work turned in after 8 days will receive a 0.

Expectations: (I will be responsible for the following expectations)

All math work must be done in pencil.
You must show your work for all math assignments.

Supplies: Have a notebook or binder + folder to be used **ONLY** for Math class.

Bring all supplies to class daily.

(not having these supplies when required, will result in a Signature).
